

Sweet talk sells

Medina County Treasurer Milton L. Mechler finds he can't resist this pair of sweet talking Camp Fire Girls selling tickets to the annual Camp Fire barbecue. The girls, Michele Pope (l), daughter of Mr. and Mrs. Robert G. Pope, and Sonia Del Toro, daughter of Mr. and Mrs. Jose Del Toro, managed to sell Mechler a pair of tickets. The barbecue will be held at Hondo City Park Saturday, with serving to begin at 5 p.m. Tickets are \$1.50 each and may be purchased from any Camp Fire Girl.

HOUSE RAISING?

If you want to join in a modern-day house raising venture then put on your working duds and go out to the old Museum depot this Saturday morning.

Of course, it really isn't a house raising but I can't find the pioneer phrase that fits unless they called it a "clean up detail" back in those days.

Anyway, John Wentz tells me that about eight or 10 people have assured him they will be out there with bells on to help anyway possible.

You are invited to join the fun.

FUNNY MONEY

Human beings are the most complicated of animals to understand, and it appears to me that Texans are worse than most.

Take for instance the current outcry against helping the poor through welfare. Many bemoan the fact that helping provide the less fortunate of our communities with the bare necessities of life is "bankrupting our state."

Yet, look at the bill of cleaning up trash and litter from our highways each year -- \$2,000,000; that's right brother Texan, \$2 million dollars.

And who does this costly littering? Every strata of the society. I have seen poor people riding the highway in a dilapidated old jalopy throw litter out the windows--and I have seen people in new, modern, shiny, expensive automobiles throw litter out the windows.

Mama and papa will do it in front of the young ones. The young ones will do it and mama and papa never open their yaps. So what do we have?

We have a \$2 million cleanup bill. And if you will add that \$2 million to countless other expensive acts performed by Texans,

City's minutes, meeting differ

According to the minutes of the Hondo City Council meeting held March 9, permission was given to the Sports Car Club of America to stage races on the air base.

The minutes, which were read and approved at the April 13 meeting, stated all councilmen voted "Aye" except councilman Albert Vance

who voted "No".

No such action occurred at the regular council meeting March 9.

A representative of the Sports Car Club of America appeared before the council that night seeking permission. There was some discussion of the request, and it was noted that local promoters were re-

fused permission to stage races at the air base.

Mayor George Brucks asked when the Sports Car Club of America would need a decision, and was told "... in a few days."

There was no further discussion of the request, and later the meeting adjourned. Of councilmen at the ta-

ble when the erroneous minutes were read April 13, only Councilman G. P. Chapman was absent from the March meeting. Chapman was not elected to the council until after the meeting.

However, when asked by the mayor if there were any corrections or additions to the minutes as read, none were offered.

Deer fence loans sought

Efforts will be made to secure long term, low interest loans for deer proof fencing by farmers, as a result of a trip to Austin last week by a Medina County delegation.

County Judge Jerome Decker led a group of farmers whose crops are being devastated by deer to a conference with the governor.

"We were very well re-

ceived," said Decker, "and we appreciate it. The governor spent the better part of an hour with us, and was shown slides of crops before and after being destroyed by deer."

Decker said there was little hope any help could be extended to farmers in time to help the crop situation this year.

However, he said, steps are being taken in an effort to make long term, low interest loans available since the area has been given emergency status because of the drought.

Since the problem is drought related, efforts are being made to see if loans for deer fencing can be included in drought relief.

Loans might be available through ASCS programs, Decker said. However, the judge pointed out, although such loans are available for chaining brush, building tanks and cross fencing pasture, they are available on a matching basis with a limit of \$500.

"Even if deer fencing could be included in allowable projects," Decker said,

"\$1000 won't build very much deer fence."

"We're going to see if the Department of Agriculture will approve deer fencing as an approved practice (for loans) and raise the amount available."

Decker said Rep. John Poerner of Hondo is seeking help through the office of Sen. Lloyd Bentsen.

Northern area favored

Drouth partially broken

Wind driven rains accompanied by hail broke the drouth for some areas of Medina County Monday night and early Tuesday morning.

Confined mostly to an area north of US 90, rains of as much as 2.95 inches fell but accompanying hail damaged some irrigated corn in the process.

Medina County Agriculture

al Agent Glenn Bragg toured part of the county Tuesday morning. He reported that rainfall averaged around an inch and a half north of US 90 and extending to the Storm Hill area.

Yancey, he said, received only a trace, while no rain fell at Devine.

Floyd Saathoff, Bragg said, reported 2.95 inches of rain and light hail. His place is 7-1/2 miles north of Hondo on the Tarpley road.

Edgar Saathoff and the Giliham Ranch, Bragg reported, had light hail with some damage to corn. However, the agent said, the rain did

more good than harm.

Bragg estimated about 10 per cent of the corn stalks on the Glenn Gooding farm just north of Hondo were damaged. However, he said he believes the corn will grow.

As the storm moved east across the Bandera highway, hail damage became more severe, Bragg's survey disclosed.

He estimated that 80 per cent of the corn stalks were broken on the Harvey Stein farm about 5 miles northeast of Hondo, and the J. D. Muenink farm. Some stalks, he said, were severed.

Since the stalks were not yet jointed, Bragg believes

the terminal bud is probably alive, and the crop will recover enough to provide more income than to plant grain sorghum.

"Of course, yields will be reduced and the crops will be later because of the damage," Bragg said.

The county agent said he may be able to place a dollar estimate on crop damage in about two weeks.

Bragg estimated that about 50 per cent of the farmers received enough moisture in the last week to break the drouth and allow them to plant.

"The Biry area and east toward Castroville probably

did not get enough moisture to get a crop up," Bragg said.

"For those farmers planting grain sorghum, I'd recommend they plant an early to medium early variety."

"With the late planting, and if it turns off dry in June and July as usual, we can expect a reduction in yields."

"We're probably going to have insect problems - sorghum midge, for instance, and it may be necessary to spray if the crop is good enough."

"Yields are also going to be down. We average about 2800 pounds of grain sorghum to the acre in Medina County,

and I expect that will be down by at least 800 pounds an acre."

"If we make 1800 pounds to the acre, I imagine most farmers would be willing to settle for that much at this time of the year."

With the late planting, Bragg expects to see a lot of farmers put in broom corn this year, especially those with experience in growing the crop.

"It's a dual purpose crop," he said, "with a potential of cash from broom, or, if moisture is short and broom does not produce, it's good for hay

County to vote on liquor

Medina County voters will be able to cast a ballot on the liquor-by-the-drink question in the May 18 election, County Judge Jerome Decker said Wednesday morning.

"All counties that voted in favor of the amendment last November will have the question on their ballot when they vote on the amendments May 18," he said.

Judge Decker said there is one question still unanswered. "This bill deals with Justice of the Peace Precincts and we have one dry precinct in Medina County, the precinct at Devine," the judge explained. "Right now we do not know if the vote will be on the county as a whole, or if that precinct will be excluded. However, we will have more information coming and all details will be covered later in the news media."

Infringing press freedom

Government can infringe on freedom of the press through either direct intervention in the contents of a publication or through confiscatory charges on distribution.

Proposed second-class mail rates set by the Postal Service in effect would curtail newspaper distribution to thousands of readers.

If the rates are approved by the Postal Rate Commission, newspaper management could see subscription costs increase 142 per cent in the next five years.

Squeezed by higher costs on all sides, newspaper patrons may find the forced rate increases prohibitive. Newspapers and other publications, therefore, would become beyond the financial reach of many Americans.

Particularly hard hit will be small weekly papers, which depend almost exclusively on the mail for distribution.

The new rates are based on 199 per cent of attributable, or actual, costs of handling the mail. Postal officials say that the extra charge is necessary to cover overhead beyond actual handling costs.

We appreciate the fact that the Postal Service is attempting to operate on a business-like basis. But when rates clearly prohibit many Americans from access to varied publications, freedom of the press, guarded by the U.S. Constitution, is endangered. Reassessment of the proposed rate structure is in order.

Barbecue will honor J.G. Barry

J. G. Barry, superintendent of the Hondo Independent

School District, will be honored by the present and past

school district employees with a barbecue, May 29 at 7 p.m. at Hondo City Park.

Scheduled to retire in June, Mr. Barry has served three generations of Hondo families during his 36 years as a teacher, coach, principal, and superintendent. He came to Hondo in 1927 and assumed duties of superintendent the following year.

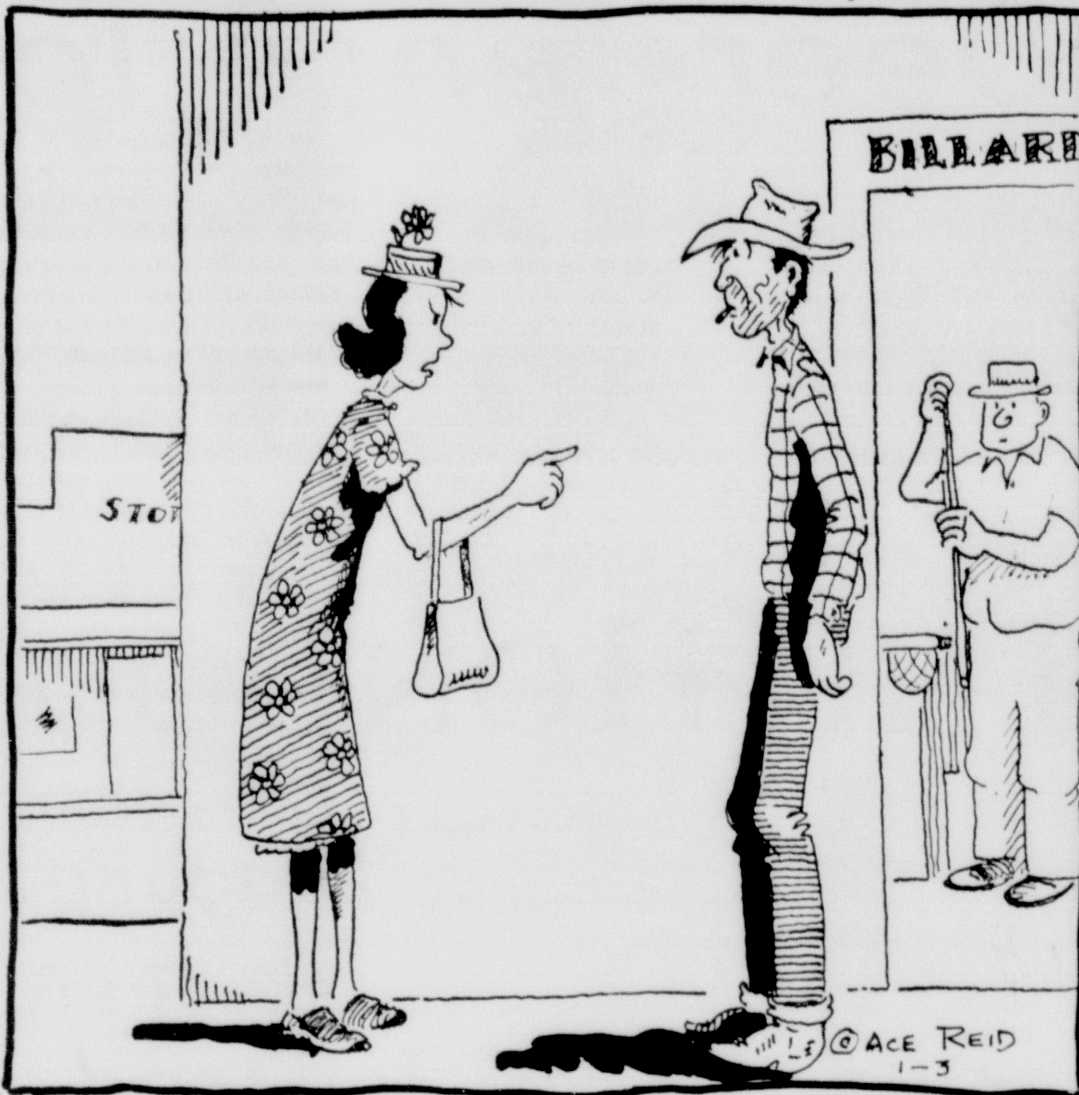

Mrs. R. W. Nations, chairman of the barbecue, wishes to extend an invitation to all present and ex-personnel and school board members to help honor Mr. Barry at the barbecue.

Persons wishing to buy tickets for the event may do so from Mr. R. W. Nations, Mr. Ed Hilsher, or Mr. Bud Woolls at \$2.50 a ticket to cover expenses. Tickets should be purchased on or before May 14.

Drought disaster committee created by legislature

By John H. Poerner, State Representative, Dist. 49

ADDITIONAL DROUGHT DATA - The Texas Legislature passed SCR 79. This act created a committee to coordinate assistance for drought disaster matters during the next year and one-half. Hopefully this committee will be short-lived in activity as rainfalls may eliminate the need. Nevertheless, certain actions have been taken by the committee and a meeting with federal agencies is planned in the next few days. I was pleased to be a member of the House appointees along with Rep. Carrillo from Benavides, Rep. Heatly from Paducah, Rep. Von

Dohlen from Goliad, Rep. Longoria from Edinburg, Rep. Clayton from Springlake, and Rep. Tom Holmes from Granbury.

SECURITY POLICE FOR INSTITUTIONS OF HIGHER EDUCATION - H.B. 468 passed the House this week to permit security officers for junior colleges and other institutions of higher learning to receive the title "Peace Officers". Purpose of the bill is to provide them with the opportunity of receiving training and education under federal grants. This Session of the Legislature has looked favorably on giving ad-

equating assistance for proper training of law enforcement officers and I think this act is not only justified but long overdue.

All legislatures need one piece of legislation on the lighter side. I had a letter from a five-year-old child complaining about his inability to buy a toy on Sunday. The child normally appreciates the wisdom and experience the father or mother may have had in using toys in their day and, in some cases, the parent may want to play with the toy. The bill is now in subcommittee.

LIQUOR-BY-THE-DRINK - The Senate sent the liquor-by-the-drink bill to the House this past week for review and debate. I was highly disappointed when the sponsor, Senator Joe Christie of El Paso and the House sponsors, Rep. DeWitt Hale and Rep. Dick McKissack, made an agreement with the liquor and beer lobby that no amendments would be accepted in the House. The management on the floor debate was successful in keeping amendments off the bill, thus depriving the House of improving the bill. I think this is depriving the people of their due representative and I think corrective measures should be taken among House members to prevent this from happening again.

For example, I had an amendment to require the waiting period changed from two years to five years for anyone convicted and later pardoned of a felony. It was my assumption that the people of my district did not want a hardened criminal having a liquor permit within two years after being released from prison. I did think the minimum should be five years and I would have certainly voted for a greater amount. All 37 amendments, including mine, were voted down and the bill was passed as sent to the House by the Senate. Permit fee is \$2,000 for the first year, \$1,500 for the second year, \$1,000 for the third year, and \$500 the fourth year.

COMPARATIVE NEGLIGENCE - H.B. 556 received heavy debate in the House in a successful try to abolish contributory negligence as a defense by providing recovery of damages on the basis of comparative or casual negligence. It also provided for the reform of certain trial procedures, such as the change of a unanimous verdict in District Court to a 10-2 verdict. The measure specifically did not abolish the guest statute in this state.

such as destruction of public property which runs into the millions each year, you have enough money to help feed a fair sized bunch of poor people.

April 26 to May 1 has been declared "Trash and Litter Cleanup Week in Texas." The Texas Highway Department will give it full support, and the Texas National Guard has designated May as the month for each member to voluntarily give one hour toward cleaning up their community.

And all for what? So a bunch of people who care less can continue to dump their trash along highways and anywhere else they see fit. I don't approve of those persons who abuse the welfare program; I don't approve of those persons who abuse the income tax laws; I don't approve of those persons in public office doing favors for friends; I don't approve of those persons who bend or break any law; but I will say that I would much rather my tax money would go toward helping some poor family eat than toward cleaning up after a bunch of litter bugs.

FEED THE PIGS!

Several young girls were out again Saturday with their livestock. They set up tables over town and sought contributions to the MUSEUM PIGS and Sally Brucks, who is in charge of this phase of Museum Day, tells me they did all right.

And I understand they will be around again this coming Saturday. So why not dig in the old pocket and give generously to a good cause.

And while you are at it, won't you say "thanks" to the young ladies who are giving of their time to help us build a Medina County Museum?

OLD ITEMS

Mr. and Mrs. Fred Wals of 1508 17th St. found an interesting item in their back yard recently. It resembles the knives you see in the mouths of pirates in swashbuckling movies. Or it could be a cane knife. Anyway it looks like it has seen many a day. It will be among the saleable items at the Museum Auction.

Mrs. Elizabeth Maples, our Anvil Herald advertising staff member, brought by some old and very odd shaped nails. She says one of the square ones came from Old Fort McKavett which used to stand near Menard. These nails also will be at the auction.

Anyone else have anything? And believe you me, when we say anything, we mean anything. Just try us.

BOOST FIRE DEPARTMENT

Three Hondo men last week decided to do something concrete about helping the Hondo Volunteer Fire Department. So they sponsored a barbecue dinner to raise money.

Rudy Gonzalez, Jim Palacios and Oscar Rodriguez took it on themselves to do all the work connected with sponsoring a barbecue and the final results proved them successful.

They netted \$250.22 which they gave to the Fire Department to add to their fund for a new truck.

This certainly was a fine gesture of appreciation for the men who man the fire department and without a doubt I know it was greatly appreciated by all the FD members.

and grazing. I think we'll have more broom corn planted this year than last."

While he thinks the drouth is "somewhat broken" in some areas of the county, Bragg notes that ranchers must continue feeding their cattle until grasses can grow high enough to permit grazing.

However, the county agent is optimistic.

"I think during the month of April and the first part of May we'll continue to get some rainfall. It looks real promising, I think, as far as breaking the drouth situation," he said.

In addition to crop damage, hail also broke out windows in some residences, especially in Kollman Oaks Addition in Hondo.

Wolf Club fund short . . . again

Harry Filleman is looking for funds again to pay the Wolf Club for predator control in the area.

Filleman, Hondo Chamber of Commerce manager, handles fund collections for the predator project as a community service.

He said he has a bill for \$25 from the club for a predator trapper's services, but not enough money to pay it.

The trapper's activities are financed by contributions from ranchers in the area.

NAMED HONORARY FUTURE FARMERS

. . . Hondo High School Future Farmers of America Tuesday night selected two area men to honor with the Honorary State Farmer Degree. They were Jack Been, left of Hondo, and R. E. Schlott, right of Knippa. Area president Tommy Engelke congratulates the two men on their honor.

FFA SWEETHEART SELECTED

. . . Pam Godbold of Leakey was elected Revaldina District FFA Sweetheart at Monday evening banquet. She is congratulated by (l) Barham Fulmer, state FFA president, and August Rothe, president of D'Hanis FFA Chapter.

DISTRICT FFA WINNERS

. . . These two Medina County Future Farmers of America took top honors in different events Tuesday night at the Revaldina FFA District banquet held in Hondo. Wayne Stein, right of Hondo, won district honors in the public speaking contest. Oscar Harriel of Devine, left, won second in public speaking but was later elected as Area Officer Nominee. Harold Chilton of Uvalde presented public speaking plaques on behalf of Central Power & Light Co.

Stein wins FFA speaking award

Wayne Stein, son of Mr. and Mrs. Harvey Stein, won top public speaking honors Tuesday night at the Revaldina Future Farmers of America District Banquet and will represent the district and Hondo in the upcoming area meeting in Fredericksburg.

Stein, who spoke on a business, edged out Oscar Harriel of Devine. But Harriel, president of the Devine FFA Chapter, came back a few minutes later and beat out August Rothe, president of the D'Hanis chapter, for the spot of Area Officer Nominee.

Later in the program Hondo High School's FFA Chapter president, Kim Turner, along with chapter members, hon-

ored Jack Been of Hondo and R. E. Schlott of Knippa by inducting them into the chapter as Honorary State Farmers and presenting them the Honorary State Farmer Degree for the support they have given FFA over the years.

The most difficult task given the voting delegates at the banquet, attended by about 200 persons, was selecting a District Sweetheart from 12 candidates. But they narrowed the field and selected Pam Godbold of Leakey to represent the district in the area contest.

Hondo's Bobby Mumme, who has served as the Area vice-president for the past year, reported on the area convention slated in Fredericksburg May 15 and 16; and August Rothe presided over the

selection of the District Sweetheart.

Principal speaker for the evening was Barham Fulmer, State President, who challenged FFA members to prepare for the future. He compared the past, present and future of agriculture and told

those present, "You as future farmers will have a significant part in the growth of our country."

His final challenge to the chapter members was: "Your community has given you much--what will you give in return."

BUICK BARGAIN DAYS ARE HERE

Buick Bargain Days are saving days.

A bargain price on a stripped-down car is no bargain. But a Buick or Opel at a bargain is something else again. Because we're not selling some special stripped-down model. We're selling Buicks and Opels, the same great cars we've sold all year.

With one difference. The deals have never been better. Which means that you can move out in a new Buick or Opel at a price that's hard to believe. When Buick talks about a bargain, we give you something to believe in.

Opel 1900 Sport Coupe. With a 1.9 liter engine that operates efficiently on low-lead or no-lead gasoline. hydraulic valve lifters for quiet engine operation, power front disc brakes and more.

Skylark Custom. With Buick's exclusive nickel-plated engine exhaust valves for smoother operation on today's cleaner fuels. Comfort-Flo ventilation system and more.

Your Buick-Opel dealer will give you better reasons to buy a new car now than anybody else.

The business of auto safety.

Auto safety is everyone's concern. But it's our business.

And we think the attention that's being paid to auto safety now is a good thing. Because it will result in better driving for everyone.

And, frankly, better driving for everyone means better business for us.

We say Buick is something to believe in. That's why we're trying to make it easy to be safe by putting in safety features that work by themselves. You don't have to do anything to make them work.

Like side guard beams. And the energy absorbing steering column. And the cargo guard between the

trunk and back seat. They start "working" even before you get in the car.

But two safety features, two of the most vital, are worthless unless you do something first.

Seat and shoulder belts.

Unfastened they do nothing. And you've seen enough statistics to know what a difference they can make. So use them.

But that's not all you can do. Because the most effective safety feature of all can't be added to our cars or anybody else's.

That feature is you. And the way you drive.

Which should be defensively. And rested. And sober. We're all in this together. And together we can solve the auto safety problem once and for all.

And the time is now.

Mr. and Mrs. Donald Harms

Catholic vows said

Miss Jane Escamilla and Donald Harms were united in marriage on the afternoon of April 7 at St. John's Catholic Church here in Hondo. Rev. Emmet Carolan performed the double ring ceremony and nuptial mass. Mrs. Evelyn Boon provided traditional organ music.

Parents of the couple are Mr. and Mrs. Manuel Escamilla of Hondo and Mr. and Mrs. Richard Harms of Ogden, Utah.

Given in marriage by her father, the bride wore a floor-length gown of white lace over satin accented with sequins and beads. Her train of bridal illusion was edged in scalloped lace. Her veil fell from a crown of lace petals. She wore a single strand of

pearls, a gift of the groom, and carried a white pearl prayer book.

Misses Moriana Gonzales and Terry Lynn Nira served their aunt as maids of honor. Mrs. Oswald Nira served her sister as matron of honor. Bridesmaids were Mary Ontiveros, Mary G. Ramirez, Mary Lopez and Mrs. Richard Chacon. They wore blue floor length gowns.

Tony Mendoza was best man. Jimmy Escamilla, Victor Rodriguez and Manuel Soliz were groomsmen.

John Nira served as altar boy. Mary Chacon and Jeanne Palomo were flower girls. Richard James Nira was ring bearer.

Following the wedding, a reception for 100 guests was held in the church hall.

The bride graduated from Hondo High School prior to moving to Ogden, Utah where she is employed at Saint Benedict's Hospital.

Mr. Harms graduated from Ogden High School and is a June candidate for a degree in electronic engineering at Utah Technical College in Salt Lake City.

After a wedding trip to Pueblo, Colo. and Cheyenne, Wyo., the newlyweds are at home in Utah.

Teenagers invited to meeting of M.C.A.E.C.

Medina County teenagers are urged to attend the Monday night regular meeting of Medina County Association for Exceptional Children. The meeting will begin at 7:30 p. m. at Hondo Municipal Building.

Teen age representative of TARS (Teens Aid Retarded) of San Antonio, accompanied by their counselors Mrs. Harold

Dunn and Mrs. Morrison, will present the program.

TARS is a group of teenagers organized for the purpose of understanding retardation and helping retarded children and teenagers.

"The San Antonio TARS is an active, enthusiastic group. Their experiences will thrill your heart and challenge your interests," said Mrs. Jerry Wil-

liamson, president of MCAEC.

"There are many ways for teenagers to assist with mentally retarded youngsters and it is a very rewarding experience," said Mrs. Williamson.

The Medina County Association for Exceptional Children is an organization of people interested in providing opportunities for maximum development of individuals having handicapped conditions.

Mrs. Henry H. (Aurelia) Crow

Sunday was an occasion

Sunday was an occasion for Mrs. Henry H. (Aurelia) Crow, age 93, and she celebrated by getting 'spruced up' and attending the open house at Radio Station KRME. The date was April 18 and it was the 73rd anniversary of her wedding to Henry H. Crow.

She keeps the radio going when she is working in the kitchen and listens for the news to keep up with what's going on in the world. She likes hymns and religious programs on the radio.

"An independent soul," according to her son, Bill, the aging lady lives alone and does for herself. She is in good health and suffers only the failing eyesight and hearing common to most elderly people. She is no longer active in her church, the First Baptist Church of Hondo, but served it well in her younger years.

She was born August 20, 1877 at Banquette, west of Corpus Christi, and moved to this area with her family when she was four years old. Her parents were Mr. and Mrs. James E. Merriman who lived in Hondo part of the time and on a ranch between Hondo

and Yancey where her father raised horses.

Mrs. Crow attended Hondo schools, normal school, and taught for 3 years at Fly School on Tarpley Road before her marriage to Mr. Crow on April 18, 1898, in Hondo. Her husband was a pioneer Hondo insurance man.

Her four children, W. T. (Bill) Crow of Hondo, Mrs. J. U. (Dee) Sheppard of Corpus Christi, Mrs. Ray (Ruth) Jennings of Hondo, and V. Horace (Buster) Crow of, Hondo 'keep an eye' on her.

50th anniversary observed by former D'Hanis couple

Former D'Hanis residents Mr. and Mrs. Orson S. Secrist of Belle Grove Mobile Home Village, Bradenton, Fla. have observed their approaching golden wedding anniversary. They celebrated in Bradenton before returning to their northern home.

They were married on May 3, 1921 at Gillette, Wyo. Mrs. Secrist is the former Mary Ann Taylor. They are now

retired and enjoying shuffling, fishing, traveling and gardening. Mr. Secrist's hobby is making small motor repairs.

They have wintered in Bradenton for nine years. The Secrist's have four children, Orson Secrist, Jr. of Phoenix, Ariz.; James A. Secrist of Martinsville, Ill.; Mrs. Carl Vinning of Ft. Wayne, Ind.; and Robert P. Secrist of Wadsworth, Ohio.

They have 13 grandchildren and two great-grandchildren.

Carol A. Honig makes dean's list

Carol A. Honig of Hondo was among the 120 students in the College of Arts and Sciences at Texas Tech University who received a grade point average of 4.0 to top the Dean's List during the fall semester.

To qualify for the Dean's

List a student must have a grade point average of 3.0 or more and must be taking as many as 12 hours of work.

Announcement of honor students was made this week by Arts and Sciences Dean Lawrence L. Graves.

ELECTRICAL RATE ADJUSTMENTS

April 1, 1971 The City of Hondo will adjust its electrical rates for the first time since 1938. To some, this will mean an increase - To others a decrease, depending on total usage. The minimum rate has been lowered to prevent causing

a hardship on anyone.

The new rates are in line with other cities in the area, or cities that OWN their Electric System

YOU WILL ALSO NOTE

Taxes in Hondo are below many other cities, Equal to others - But not higher than a single city. This is due to the fact that the Hondo Electrical System helps in the cost of city operations.

IT IS HOPED THIS NEW RATE ADJUSTMENT WILL HELP KEEP TAXES DOWN.

Parents Know the Drug Threat

Today's Subject: The Drug Scene In Our Country

This is No. 1 in my new series of "letters" to parents. Since I cannot possibly talk to every parent individually I find this is a speedy and efficient way to communicate. This series, as the title implies, will be to give all parents in our community some of the latest information on drug abuse.

A noted college professor in the east said recently, "the present generation of young people in our schools and colleges are the best informed, the most intelligent, and the most idealistic of any we have ever had in this country." He adds, "today's young people are more moral than their elders, 90% of them." Only a small minority of young people are using and abusing drugs, but a minority still means a great number of young people, some quite young, and the number is evidently increasing rapidly.

This is a drug-obsessed society. In 1965 about 167,000,000 prescriptions were written by doctors for psychotropic drugs, the kind that change or affect mood or behavior. Adults were the main consumers, and so we must assume that adults themselves are high on the list of drug abusers.

If this is true, and national statistics seem to indicate it, the parents must look to themselves when trying to understand how the drug problem got its start in the first place. However, the purpose of this series is not to place blame, but rather to become familiar with terminology, learn more about the drug problem itself, and discuss how best to cope with it as parents.

It takes no giant intellect to realize that a parent cannot scare a child into doing "the right thing" with statements that are not factual. During these trying times most children, from their associations on the street, know more about drug use and terms than their parents. Therefore, what we discuss here about drugs will be an effort to meet and surpass the knowledge of our children, so that we may better impress them on the pitfalls of drug use.

Everyone knows, if he reads at all, the use and abuse of drugs that affect the mind is spreading across the country. Hundreds of thousands, maybe millions of young Americans are tasting, testing and experimenting or going further with marijuana, LSD, with "uppies" and "downies" . . . pep pills and sedatives, with "Speed," and a few with heroin. So then, in the series ahead, we will examine such things as Oral Amphetamines, Injected Methamphetamine, Barbiturates, Heroin, Marijuana and LSD — what they look like, the names they are called by the teens, where they are obtained, how they are used, dangers of use, affects of use, reactions, etc.

For a majority of youngsters, an encounter with mind-affecting drug seems only a flirtation with the user feeling sure he can take it or leave it. Some authorities say that such experimentation can amount to drug roulette; some young people happen to be particularly susceptible to some drugs and can become dependent and hurt badly by what they intended as an innocent adventure.

American society tolerates alcohol and nicotine, both of which are technically drugs, and millions of people abuse both of them. Many drugs are taken legitimately by prescription, but there is also a black market among some potent drugs. Every year billions of sedative and pep pills are diverted to illegal use and misuse. This is enough pills per person per year to keep everyone in the United States awake and jumping for a week, and enough barbiturates to keep them in a stupor for a week, according to the Federal Food and Drug Administration.

If this information convinces you that all parents need to know more about drugs, watch for my "letter" to you next week in this paper.

This series brought to you as a public service by the following civic-minded merchants.

Freemasonry in County

by Yancey Russell

In this same history book may be found the biographical sketch of H. T. Renken, who was a native of Hanover,

HERE IN HONDO

Visitors in the home of Mr. and Mrs. Otto Wiemers Sunday were Mr. and Mrs. Meryle Wiemers and family and Mrs. Minnie Buss of SA; Mr. and Mrs. Wilfred Schulte of Floreaville; Mrs. George Wiemers, Mrs. Erwin Bohmfalk, Mrs. Bertha Hartmann; Mr. and Mrs. Edwin Schulte; Mrs. John Wentz and Kay and Mrs. Henry Schulte of Hondo.

Legal Notice

Secretary of State Martin Dies Jr. announced that all qualified Notaries Public desiring appointment for the new term which begins June 1, 1971 and ends June 1, 1973, must pay the required fee and file a new oath and bond with the County Clerk before May 14, 1971 and May 15, 1971, inclusive.

Secretary of State Dies further stated that any person not now a Notary Public who desires appointment for the beginning of the new term on June 1, 1971, should apply to the County Clerk before May 14, 1971. The required application forms may be obtained from the County Clerk.

Mr. Dies emphasized that Notaries Public should not send requests for appointment or for commissions directly to the Secretary of State inasmuch as the law specifically requires that the County Clerk approve Notary Bonds and forward copies of the application to the Secretary of State.

Germany. He emigrated to America and went to California in 1849 to seek his fortune in gold. He was successful enough to accumulate some capital with which he bought a tract of land in Medina county, sent for his wife, Lisetta (Kueck) Renken, and they engaged in stock farming. He took an active interest in public improvements, and was the first superintendent of schools in Medina county . . . and for a number of years served as mayor of Castroville. He was a member of the Lutheran church, as was his wife. They were the parents of five children: Henry F. and William, both of San Antonio; Louisa, who became the wife of Nick Tschirhart; and Lisetta, who was married to Herman E. Haas in 1893.

Fletcher Davis, late publisher of Hondo-Anvil Herald, in a historical sketch he published about the lodge in August and September, 1949, said George Hay lived in Bander and had to brave the dangers of Indian ambush to attend lodge meetings. He and his wife came to Medina county as youngsters with the Mormon colony which settled at Mormon's Camp in the 1850's on a site later submerged by Medina Lake, Davis said.

Deed Records Cited

It was in the year 1865 that the first legal evidence appeared which connected the Masonic lodge with the church which occupied the same old stone structure. This instrument is recorded in Vol. 7, Page 478 of the Deed Records of Medina county, and is a conveyance from the Trustees

of the Methodist Episcopal Church to the Masonic lodge. It reads, in part:

"Know all men by these presents that George W. Harper, N.M.C. Patterson, William C. Newton, W. M. Watkins, Irvin Jones and J. J. Simpson, trustees of the Methodist Church South, of the Zions church, on the Rio Hondo, Medina county, in the Rio Grande Conference . . . in consideration of the sum of one dollar and other valuable considerations, to wit, the contributions of the members of Hondo Masonic Lodge No. 252 towards erecting a building on and improving the property, is hereby acknowledged before the signing, sealing and delivery of these presents, have granted, bargained . . . and conveyed . . . all the right, and interest we now hold as trustees of said church . . . do grant . . . and deliver unto George W. Robbins, Worshipful Master . . . and to his successors in office, the one-half undivided interest included in the following property . . . contained in the tract . . . of land beginning on the Rio Hondo on the upper line of Survey No. 21 or 26 of the Kuykendall League, running North on the line of said league, thence East, thence South to the Rio Hondo, thence up said river to the point of starting . . . containing ten acres more or less. The said property was conveyed to the trustees of the Methodist Episcopal Church, South, by deed of John James and John H. Henderson and by the deed of Kuykendall, duly recorded, etc. . . . and also the exclusive interest and possession in

and to the upper story of the said building erected on said premises, and furniture and fixtures in said upper story, together with the undisturbed right of passing through the lower room . . . to and from the upper story, the church retaining the entire possession of the lower room, except the right of passage as above specified."

The instrument is dated "this 14th day of ____ A.D., 1865 . . ." and signed by Ross Kennedy and G. S. Johnson for the lodge, and George W. Harper, N.M.C. Patterson, W. M. Watkins, and Irvin Jones as trustees of the church. All were members of the lodge. However, the instrument was not recorded officially until December 18, 1867. It required a lot of handwriting in those days to keep up with the duties of county clerk.

Returns of the lodge at the close of 1866 listed O. B. Miles as W.M.; John Kennedy, S.W.; George Redus, J.W.; Frank Schuler, Treasurer; John Redus, Secretary; G. E. Tilley, S.D.; James J. Elam, J.D.; W. Kelley and W.D.C. Burney, Stewards; C. Stiegler, Tiler. Among the new members listed were Elam, J. M. Phillips, E. Rankin, and C. P. Southerland, and total membership was 44.

Past Master Buried Samuel A. Long, who served the lodge as Master in 1861, 1862, and 1863, died in 1866 and was buried in the little Masonic cemetery. His grave marker still stands. Carved on the white headstone about three feet high is the Masonic square and compasses upside down, and the words: "Samuel Long, Departed This Life Sept. 17, 1866, Aged 49 years, 4 months, 1 day."

In 1867, the lodge had another good year, the membership having increased to 46. The same officers served that year, and new members listed were T. C. Rine, W. D. Smith and Perry E. Wilson. Commissioners Court minutes for January 31, 1867 show that John Redus was elected a school trustee in District No. 4.

This week

That's all she wrote

by Edna McDade

Since the rains, lawns are greening, the heady scent of honeysuckle fills the air and my two (2) tomato plants are blossoming in anticipation of some future salad.

Gives one a reassuring feeling that "God's in His heaven; all's right with the world".

Dr. O. B. TAYLOR's talents as a weather-predictor rate high with a former Hondoan -- no less than a preacher at that!

The Rev. JOHN BERKLEY, now of Ozona, told me that heavy rains had blessed Ozona right on schedule, according to Doc's crystal-ball gazing. "Doc is even making believers out of my church folks now," he said.

John is still an ANVIL HERALD subscriber and says he reads it front page to back, included. He asked me to greet all their Hondo friends for all four of the Berkleys. Mission accomplished.

WARD (Mrs. Paul) POPE returned this week from Atlanta, Ga., where she had been burning the midnight oil in behalf of her beloved C A M P FIRE program.

When her young grandson, CHIP, son of Paul and Lydia Pope, introduced her to a schoolmate, he said proudly, "This is my grandmother from Texas. She teaches Camp Fire."

A Hondo granddaughter proud of her Hondo grandfather is VALERIE, pre-schooler in VELDA (Mrs. G. L.) COLE's family. At a Garden Club gathering, she introduced STEVE WIPFF: "I want you to meet my grandfather because he's a GOOD man!"

Among my new friends (and new AH subscribers) is HELENE (Mrs. Emi) WOLLSCHLAEGER, formerly of Poth and now at home, 2904 Ave. O, Hondo.

Helene is a dedicated mission worker and is presently devoting her time and energies to helping "LA IGLESIA ADVENTISTA del SEPTIMO DIA" which is on Ave. E.

Services are held there, in Spanish, on Saturday afternoons by Pastor R. R. ALONSO, of San Antonio, who came to Texas as a Cuban refugee some years ago.

VICTOR GARCIA, who does a top job of tidying the city's offices and grounds, was working in a cactus corner when I stopped to admire the pitayas now in royal purple bloom.

I put in my request for at least one when the fruit ripens. Along the Laredo border in my growing-up days, pitaya season was the time for family gatherings and a freezer full of luscious homemade "Mexican strawberry" ice cream. Them was the days!

Last Saturday was a get-up-&-go-places day and I was among those who got up and went.

First, to our Library's annual open house where I shared with visitors pride in its progress and accomplishments and where Miss LEILA LAUGHINGHOUSE poured a cup of coffee "just for me".

Then we stopped for a look (and listen) at our local award-winning Radio Station KRME whose voice -- even as the turtle's -- "is heard in our land".

Next was being among the almost standing-room-only crowds at Landmark Inn, where Castroville Garden members (in Alsatian dress) were hostesses for a delightful Arts Fête.

It was my pleasure to meet in person many of the artist exhibitors and to marvel at their talents -- as one who has learned (the hard way) where and when to "draw the line" if not how!

While visiting with Castroville's busy city secretary, CHARLOTTE (Mrs. Pat) LAFFERTY, I learned that she is a native of LANCASTER, PA., which I consider my home-away-from-Hondo.

She told me that she was born in a house on North Marshall Street which she believes "still stands." I'll make it a point to check this out on my next visit there. Charlotte has lived in Castroville 26 years and her last trip "back home" was in 1964.

No doubt about it, PEARSALL in FRIO COUNTY is rounding up all hands for a dilly (no pun intended) of a CENTENNIAL May 2-8.

In town Saturday were carloads of glad-handing representatives, in centennial dress, inviting Hondoans to attend and distributing programs to make the appeal almost irresistible.

In the group I met were two of the junior ambassadors of good will: Charming and petite CINDY, 3-year old daughter of the GEORGE HIGDONSONS, and her derby-hatted escort, 9-year old ALLEN, son of the GEORGE TOALSONS.

Engineer award given at Tech

Emanuel Honig (r) congratulates fellow engineering student Robert David who holds a 1971 Tau Beta Pi fellowship at Texas Tech University. Honig won the fellowship last year. Son of

Mr. and Mrs. William Honig of Hondo, he has continued his studies in plasma dynamics at Texas Tech. Now a lieutenant in the Air Force, he expects to receive the master's degree.

Centennial celebration set May 2-8 in Pearsall

The Frio County Centennial Celebration will be held

May 2-8 in Pearsall. Their slogan over at Pearsall is: "Something Doing Every Day".

Through the week one will find these special days: May

1--J.C. Dance, Hank Thompson; May 2--Religious Heritage Day; May 3--Youth Opportunity Day; May 5--Cinco De Mayo, Brotherhood and Fiesta

Blue Jays beat Tigers

Last Sunday, April 18, started the baseball season between the Blue Jays and the Sabinal Tigers.

Winners were the Blue Jays. The score was 15 to 2. Pitcher for Hondo was Richard Cardenas. He pitched four innings. He gave up four hits and one run.

On the fifth inning, Ramiro Miranda hit a home run and a single; Morin, a home run and two singles; Navarro got three hits.

For the Blue Jays, Ramiro Miranda hit a home run and a single; Morin, a home run and two singles; Navarro got three hits.

Total was 14 hits for the Blue Jays.

For Sabinal the pitchers were Cano, Tristan, Pruneda and Silva.

Sunday, April 25, the Robles Sports will come to Hondo.

Managers of the Blue Jays are Edward Ytuarte and Porfirio Ramirez. Anyone wanting to play may contact them at 426-2635.

Here in Hondo

Rev. and Mrs. James Reid and daughters have returned after attending the funeral of Mrs. Reid's mother, Mrs. C. C. Smith of Midland.

Mrs. N. C. Johnson spent the weekend in Austin with her sister and family, Mr. and Mrs. John Adkins.

Mrs. Annie Daugherty of Clovis, N.M., is visiting her daughter, Mrs. Florence Gray and other relatives.

Mr. and Mrs. Wesley Robbins and children of Knox City have returned to their home after a visit with her mother, Mrs. Florence Gray.

Pinewood Derby winners

Seven boys and their families from St. Johns Cub Scout Pack #219, Hondo, journeyed to Kerrville Sunday for the District Pinewood Derby Races. There were 64 cars entered from the Hill Country District, which were all winners from their own Pack Derby Races. Of the seven there were four boys whose cars placed in the top 20. Receiving neckerchief slides and ribbons were: Brian Bader, No. 19;

Tony Tschirhart, No. 9; Douglas Cole, No. 6; and Ray Lutz, No. 4. Ray also received a plaque on which to display his car. David Weyand, Brian Boehle and Michael Neuman were presented neckerchief slides. Douglas Cole also received a plaque for his car which was judged as "Most Original Car." The races ended with a Dad's Race in which James Tschirhart took top honors.

Flip Side

By Michael King KRME

First of all, as you can see above, the lad has a growth on his face; there are two reasons for this, one, Museum Day, and second, Frio County's Centennial Week. You should see some of the expressions on the faces of people who come in the studios for various reasons. It is really funny.

Ronnie Mason and the Mason Knights want to thank all you friendly folks who came out to the dance last Saturday night. By the way, Ron

and the boys will be starting their weekly radio program a gain. There will be some changes this time around. As you remember, we discontinued the show because of bad sound quality, so now the program will be extended to 30 minutes and the show will be live from the shaded area between the Hondo Anvil Herald and the KREAM building.

It was a great sight to see so many listeners turn out for KRME's First Anniversary party

held last Saturday and Sunday. I saw many people that I had seen last year when we first opened up. It was good to hear so many favorable comments about our radio station. Everyday we try to improve KRME's programming to your satisfaction. If you have any comments or suggestions concerning the shows you hear on KRME please send us a postcard and address it to KRME Radio, P.O. Box 447, Hondo, Texas 78861.

LaCoste will host 1972 Show

LaCoste Community agreed to host the 1972 Medina County Junior Livestock Show at the

association meeting held in the Courtroom in Hondo on April 19.

John C. Biediger, Jr., LaCoste, was elected president of the 1972 County Livestock Show. C. J. Keller, LaCoste, was elected treasurer and Glenn Bragg, Hondo, was elected secretary. The LaCoste Community will elect a vice president.

New directors were elected as follows:

BIRY -- Louis Wernette; CASTROVILLE -- Larry Haby and Lynn Boehme; DEVINE -- Hartley Howard, Jack Tilley and John Watson.

Eagles play here on Sunday

The Hondo Eagles take on Fredericksburg at 3 p.m. Sunday at Pruneda American Legion Ball Park.

Last Sunday the Eagles romped over the Boerne Eagles 14-4 with Johnny Miranda the batting hero.

D'HANIS -- Lawrence Rothe and John Ney; HONDO -- Robert Zuberbuehler, Ralph Gilliam and Bill Moss; QUIH -- Chester Saathoff.

DUNLAY -- Edson Oeffinger; LaCOSTE -- C. J. Keller, Jr. and John C. Biediger, Jr.; NATALLA -- John Law and James Barta.

RIO MEDINA -- Clarence Wurzbach; YANCEY -- Howard Wiemers.

George Ilse was elected director at large.

Lawrence Rothe, president, and the D'Hanis Community expressed their appreciation to the association and the stock show officials for assistance received in putting on an outstanding 1971 County Show.

The association voted to make one major rule change for the 1972 show. All 4-H and FFA members with commercial calves will no longer be able to enter in any other division of the show. The association felt that, since funds for prize money come from the stock show fund commercial calves should be considered a project entry.

NOW AT FORD DEALERS!!!

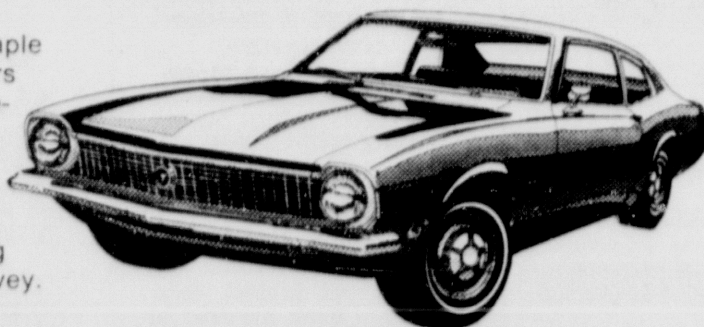

THE ECONOMY COUSINS...

America's hottest selling little money-saver—25 mpg (proved in simulated city/suburban driving), 6000-mile oil changes, 36,000-mile chassis lube. Simple servicing you can do yourself... or save on labor costs. Insurance costs less, too.

PINTO \$1919*

A little more economy in the "simple machine," and now Maverick offers a 4-door for family-style convenience... and, as an option, America's lowest priced V-8. And Maverick has the lowest frequency of repair record of any American car, according to a leading independent survey.

MAVERICK \$2175*

See the small car specialist...

Your Texas Ford Dealer

*\$1919 is manufacturer's suggested retail price for Pinto, White sidewall \$29, accent option \$60, dealer preparation charges. If any, transportation charges, state and local taxes not included. \$2175 is manufacturer's suggested retail price for Maverick.

May draft call for Texas told

The May draft call for Texas has been announced by Col. Melvin N. Glantz, the State Director of Selective Service for Texas. The call is for 959 men to be inducted from Texas, The National Induction Call is for 15,000 men.

Glantz announced the limitation on Lottery Numbers for May as 125. This raises the Lottery Number limitation for May. The limitation had been 100 in previous months of 1971.

A total of 3440 men from Texas will be ordered to take a pre-induction physical examination during May, and the Lottery Number limitation for pre-induction physical examinations has been raised to Random Sequence Number 176. Induction orders and physical examination orders are being mailed by local boards now for the May call.

Drive Friendly

ward will be made at the annual Aggie Roundup Barbecue on Saturday, April 24, at 5:30 p.m. at the bar-b-que grounds of Dick Kleberg Park, 2 miles south of Kingsville.

As in the past, the Texas A&I Rodeo Club is holding the annual N.E.R.A. Rodeo on April 22-23 at 7:30 and April 24 starting at 2:30.

The rodeo will be held in the new indoor arena of the air conditioned J. K. Northway Exposition Center located toward the northeast corner of Dick Kleberg Park just south of Kingsville.

Mohair growers to vote on national referendum

A referendum will be held to determine whether or not producers approve of an agreement between the Secretary of Agriculture and the Mohair Council of America, Inc. for the advertising and sales promotion of mohair.

The polling place for Medina County will be the Medina County ASCS Office, 1703 Ave. K, Hondo.

Any individual, corporation, partnership, or legal entity which had an interest as owner or partial owner in one or more Angora goats 6 months old or older during a single period of at least 30 days during 1970, is an eligible voter. If two or more producers are required to apply jointly for a payment under the mohair payment program, only one ballot may be cast for all the producers.

All known producers of mohair in the county have been mailed ballots and leaflets outlining the new agreement for the mohair advertising and promotion program.

Completed ballots shall be delivered to the Medina County ASCS Office not later than April 30, 1971. They may be either mailed or delivered in person.

Social Security

Disability rating policy discussed

QUESTION: Does social security pay benefits based on partial disability? I ask this because I receive a check based on 60% disability from the VA. ANSWER: Social security does not rate disability in terms of percentage. The law provides that in order to be considered disabled for social security purposes, a person must be unable to perform substantial gainful activity for at least 12 consecutive months.

This must be supported by medical evidence.

QUESTION: I am a patient in a tuberculosis hospital and have been approved for disability benefits. Will my checks stop when I am released from the hospital?

ANSWER: In most cases payments will not stop immediately. However, you are required to notify the social security office at the time of your dismissal so that a determination can be made to your continued entitlement to benefits.

QUESTION: I am 63 and receive reduced retirement benefits. Three months ago I suffered a stroke and little improvement is expected. Am I entitled to higher benefits because of my disability?

ANSWER: Since you are still under age 66, it is possible that you could establish entitlement to a disability benefit which would be a little higher than your reduced retirement benefits. You should call or visit the social security office for more detailed information.

Social security pays retirement, disability, and survivors benefits. For further information about these programs, local residents should see their social security representative. Your representative, Mrs. Fry, will be in Hondo at the Council Chamber, Monday, April 26, at 8:45 a.m.
